Typical English style. Sharpness and elegance of the silhouette. There is a passion for the Palladian style felt in the overall image of the fireplace. Harmony in proportions. Everything is balanced. Nothing in excess. Center of the fireplace is decorated with the antique lamp in the form of a vase. Profile elements are accurately minted.

Chapter of history: This fireplace has a special place in our collection, at various times it has always been in demand from private and public interiors, one of which is Kempinski Hotel in St. Petersburg.

Fireplace cost is on demand.
