КАМИН АРТ. 01.12.070

One of the most difficult models of the “Reflection” series. Carved elements adorn and soften the austere silhouette. The console center is overarched with a laurel branch as a symbol of victory. Finely elaborated carved rosaces and corbels are placed at the left and right. They are decorated with acanthus leaves, the legacy of ancient Greece. The Louis XVI style fireplace is the forms honored by time.
